Alicia Jacobs is the President/CEO of AJ Management, a consulting business specializing in marketing, public relations and event planning for not-for-profits and small businesses. She also works at AWS Truepower, a renewable energy consulting firm.

With over 20 years of experience, Alicia was an Emmy Award winning TV producer at Capital News 9 (now YNN) and has worked for three international charities: Make-A-Wish Foundation, Juvenile Diabetes Research Foundation (JDRF) and the National Kidney Foundation. She understands all sides of not-for-profit business, from staff, volunteer and leadership perspectives.

The presentation will benefit staff, volunteers and board members. Registration is limited to WIDNENY members only. And don't forget to bring your lunch!
